

How to log in to your Patient Portal

1. Go to <https://www.revolutionphr.com/portal/welcome.htm>. This is easier to do on a desktop or laptop.
2. Insert the Username, the email we have on file for you.
3. Insert the Temporary Password that was given to you. This will only be good for 3-4 hours after creating it. (If the Temporary Password does not work, try forgot password.)
4. This process will lead to a Reset Password that must be at least 8 characters long, including at least one number and one capital letter.

If you haven't gotten a temporary password from us, text us at 636-272-1444 or email us at info@doctoryoureyes.com.
